SCADAPack x70 RemoteConnect Function Block Programming Class
March 13-15, 2023
8:00am – 4:00pm
Buena Park, CA

Schneider Electric

20 Contact Hours

Sage Designs is hosting this 3-day course for programming x70-series SCADAPack Controllers with RemoteConnect Unity-based programming software.

Course Description: This three-day hands-on course is designed to give each participant a detailed introduction to the SCADAPack x70 controller series (SCADAPack 47x and 57x) and RemoteConnect, its configuration and programming tool. Topics include system configuration using RemoteConnect to configure communications protocols, point addressing, and SCADAPack x70 variable types, introduction to the Unity based logic editor, and the use of scanners and function blocks to access remote data.

This is an expanded version of the Schneider Certified Remote Connect training course which includes several exercises designed to emphasize features of the x70 logic engine including creation and use of custom function blocks and other programming features.

Instructor: George Vazquez, Sage Designs, a Factory-certified Instructor.

Location: The Doubletree Hotel, 7000 Beach Boulevard, Buena Park, CA 90620, (Near Knott's Berry Farm). Those requiring overnight accommodations wishing to stay at the hotel can call 1-714-522-7000.

Who should attend? Individuals interested in participating in a highly technical basic course on the Schneider Electric RemoteConnect function block programming software & how it applies to SCADAPack controllers. Experience with controllers or other programming is recommended but not required.

What should I bring? Attendees to this course must have a laptop computer running Windows 10 or above with working USB and Ethernet ports and 16 gigabytes of RAM or better. Your laptop must have RemoteConnect installed prior to course start. To download RemoteConnect, click here.

To Register: Complete the information below and send to Orders@SCADAWise.com.

Name (*please print*):	Title:
